Partnering for Solutions

HV Airconditioning Systems Pvt.Ltd.

AN ENERGY SERVICE COMPANY(ESCO)

COMPANY OVERVIEW

HV Airconditioning Systems was incorporated in the year 1982 as a Private Limited company with an aim of providing services in the field of Central Air-conditioning, Refrigeration, Ventilation and Central Heating projects on a turnkey basis.

At HV Airconditioning Systems, the mission is to "Attain a leadership position by helping the ongoing global infrastructure development with the best and sustainable Air conditioning solutions utilizing our high quality engineering services".

The company has been working closely with consultants as well as architects for government as well as private sector projects and has so far shown an impressive growth rate on an year-on-year basis.

MANAGEMENT TEAM

The company was founded under the leadership of our current Managing Director, Mr. S.K. Gupta, who ventured out based on his rich and varied experience with Voltas in the field of Central Air-conditioning. He has been instrumental in giving directions to the company and putting up a strong management team.

SERVICES PORTFOLIO

- (a) Central Air-conditioning Systems
- (b) Ventilation systems
- (c) Central Heating
- (d) Building Management Systems

Our activities span complete designing, planning, selection, supplying, installing, testing and commissioning of the Air-conditioning & Ventilation systems including service and maintenance of the systems.

WHY HV AIRCONDITIONING SYSTEM?

At HV Airconditioning Systems, we sincerely believe that no work is possible without the cohesive force of its people. It would not be an exaggeration to say we have a team of experienced project managers, engineers, technical supervisors, draughtsmen and skilled work force whose experiences range from 15 to 20 years and are capable of accomplishing any kind of magnitude of work.

- We believe in building relationships with our clients that are... BUILT TO LAST.
- We try to offer 'Personalized attention' to each and every project no matter how big or small the work is.
- We have a complete range of latest tools and equipments required to execute projects in a timely and precise manner.
- We have a complete range of latest tools and equipments required to execute projects in a timely and precise manner.

THE FUTURE

With a strong emphasis on infrastructure development in the country, the company is now focusing largely on the Private sector along with the Govt. sector projects in order to provide competent services in the field of Air-conditioning and Refrigeration. We are also in discussion with certain foreign organizations for a possible collaboration / Joint venture.
